

The Horry County Solid Waste Authority Presents:

# Free Virtual Experiences!

The top destination in Horry County for your classrooms!

The Horry County Solid Waste Authority (HCSWA) offers the following **free** recycling and waste reduction educational programs for your classrooms.

## Virtual Field Trips

Learn the importance of waste reduction and saving landfill space by touring the landfill and recycling facilities virtually. At the landfill trash disposal is explored along with daily operations and the Green Power Facility. In addition we will tour a Recycling Convenience Center and the Materials Recycling Facility (MRF) that processes the recyclables. The virtual experience lasts about an hour and questions are welcomed! Email us at [education@solidwasteauthority.org](mailto:education@solidwasteauthority.org) to schedule.

## Virtual Presentations

Invite the HCSWA into your classrooms for virtual presentations on solid waste, recycling and environmental awareness subjects. Presentation topics covered include, but not limited to: trash generated in Horry County, recycling right, litter, pollution, air and water quality, etc. We are willing to cater to your classroom needs. Virtual presentations last about an hour and questions are welcomed! Email us at [education@solidwasteauthority.org](mailto:education@solidwasteauthority.org) to schedule.

Virtual Experiences, Applications, Environmental Programs, and more information can be found online at [www.SolidWasteAuthority.org](http://www.SolidWasteAuthority.org) or email [education@solidwasteauthority.org](mailto:education@solidwasteauthority.org).
